Fellow Charolais Breeders and Friends,

On behalf of the School of Animal Sciences at Virginia Tech, we invite you to our inaugural 'Leading Ladies in Hokie Nation' Online Sale on Thursday evening, October 6 at 8 PM EDT. This Charolais online sale will feature 11 exceptional lots and will be a fantastic opportunity for you to buy females that are capable of taking any breeding program to the next level. Open heifers, bred cows, and a flush out of the breed's #2 cow will be auctioned by Col. Dave Mullins of Salering, Live.

The School of Animal Sciences takes great pride in our university, our livestock, and especially our students. This online production sale is a two-part series in livestock merchandising and will precede the 28th Annual Hokie Harvest Sale slated for October 28th. Both sales are featured attractions for the 45 students enrolled in the Livestock Merchandising course in which students obtain experiential learning experiences in sale management, advertising, budgeting, photography, and clerking.

Four registered beef breeds call Virginia Tech home. Those breeds include Charolais, Angus, Hereford, and Simmental but Charolais is taking center stage in this online sale since it may be the strongest breed from 'top to bottom' in both genotype and phenotype. Our Charolais breeding program was introduced to the Hokie Nation in 1998 by Dr. Dan Eversole and Chad Joines, along with the assistance from the American-International Charolais Association president, the late Mary diZerega. She was instrumental in spearheading the campaign to encourage many registered Charolais breeders from several states to donate quality animals, semen, and embryos in the development of a quality Charolais herd. Nineteen Charolais breeders from VA, NC, SD, and MD contributed to her plan in the establishment of a Charolais breeding program at Virginia Tech.

We feel this elite online sale offering best combines years of selection for performance and GE-EPDs along with phenotype, structure, udder quality, and fleshing ability. Our Charolais females have proven themselves from a production standpoint with progeny that can excel in the showring and at central bull test stations. This is a great opportunity to invest in a proven foundation female for your operation that can be a true centerpiece of your genetics going forward.

Salering.Live will provide the online bidding and you must register at www.salering.live at least one hour before the sale in order to watch/bid online in real-time. Complimenting this service, video and still photos are available on all sale cattle which can be accessed at <https://www.apsc.vt.edu/facilities0/beef-center.html> OR the AICA website, OR www.salering.live Sale cattle will be on display throughout the week of the sale. For further information or if we can assist you in any way, please give us a call or send us an email. Thank you and we look forward to your online attendance on Thursday, October 6th at 8:00 PM EDT.

Dr. Dan Eversole, Area 15 AICA Director

Chad Joines, Director of Beef Operations

Breeding sound, functional Charolais since 1998 with cutting-edge genetics backed by total performance records and genomic testing!

- **Due to calve on August 31, 2022 to LT Blue Value 7903.**
- Here is a very productive female with a phenomenal TSI ranking of 267 (elite 3%) that can be a leading donor in any purebred program.
- 726E has an elegant look and is sired by LOF/VPI Abraham 48A, a Tiara son that has produced many breed-leading females and sires for Lone Oak Farm and Virginia Tech.
- This female is a maternal sister to both Lot 2 and VPI Cameo Girl 006X who have produced many outstanding offspring that have impacted the Charolais breed.
- Her genomic EPD profile reveals an elite ranking of 1% for MARB, MILK, and MTL; the upper 5% for WW and YW; and the top 6% for CW among ALL Charolais dams.
- She has an impressive average progeny WWR of 3@114, YWR 2@112, UREA 2@102, and UIMF 2@101.
- Heterozygous polled.

- **Due to calve on September 22, 2022 to the leading herd sire, VPI The Graduate 917G, at MBS Charolais, Bowling Green, MO.**
- Stemming from the legendary Tiara cow family, 622D brings a total package for a proven matron.
- The Tiara females have certainly been maternal matriarchs in the Virginia Tech herd.
- This low birth weight, calving-ease daughter of M6/RC Fresh Air 1138 posts an average progeny BWR of 4@100, WWR of 4@102, and YWR of 3@101.
- Genomic percentile ranks place this power female in the top 15% for MARB, MILK, and SC in addition to her elite 3% ranking for CE and BW.
- Homozygous polled.

- **Due to calve on January 29, 2023 to WCR Icon 756.**
- 620D is a direct daughter of WCR Sir Duke 7340 and out of an attractive LT Reward 2348 female.
- She descends from a very productive Miss Falls cow family and posts an average progeny BW ratio of 4@97.
- This consistent producer is a prime example of the 7340 daughters that have an abundance of rib shape and picture-perfect udders.
- Her DNA report card reveals a genomic ranking of 8%, 9%, and 15% for MARB, SC, and BW, respectively.
- Homozygous polled.

- **Sells open.**
- 130J is the outlier in this sale offering and has a fantastic phenotype.
- A championship pedigree is just a bonus with this senior heifer calf.
- She is sired by WC Inferno 6561 and out of the extraordinary Abraham daughter which sells as LOT 3.
- On the traits that matter, 130J ranks in the elite 5% or higher on every one of these seven: WW, YW, MILK, MTL, CW, MARB, and TSI.
- With her great disposition, maternal look, and GE-EPD profile, she posts an individual BW and WW ratio of 98 and 116, respectively.
- Heterozygous polled.

HOW TO BID ONLINE

IT'S EASY AS A, B, C!

Step A

Type salering.live into your browser. Salering.live can be used on your phone, tablet or desktop. We strongly recommend using Google Chrome as your browser for the best viewing and bidding experience.

Step B

Click the "Login/Registration" button. First time users, click "Registration." Enter your personal information. Check box for "I Agree to the Terms Above." Click "Next Step." A confirmation email will be sent to the email address used in registration.

Salering.live reserves the right to refuse bidding credentials to any customer not meeting our specifications.

Step C

You are ready to go! You don't have to worry about a bidder number. As long as you are registered and logged in, you will be able to bid. Please remember you are on a highly sensitive web page. Please pay attention while scrolling or handling mobile/tablet devices.

Helpful Reminders!

PLEASE MAKE SURE YOU HAVE GOOD SERVICE! You should have, at bare minimum, two to three bars of service on your cellular devices. If you are using wifi, you need to have an upload speed of 5 mbps or more. Use www.speedtest.net to test your Internet.

Refresh your screen at sale time. Do not let your computer sit idle for over an hour and then return and try to bid. The website may have logged you out.

Salering.live does not handle money. All lots purchased will need to be paid to the farm directly or to sale management.

WWW.SALERING.LIVE
